Dear Mr. Lin:

We have limited our review of your registration statement to those issues we have

addressed in our comments. In some of our comments, we may ask you to provide us with

information so we may better understand your disclosure.

Please respond to this letter by amending your registration statement and providing the

requested information. If you do not believe our comments apply to your facts and

circumstances or do not believe an amendment is appropriate, please tell us why in your $% \left(1\right) =\left(1\right) +\left(1\right) +\left($

response.

 $\label{eq:continuous} \mbox{ After reviewing any amendment to your registration statement and the information you}$

provide in response to these comments, we may have additional comments.

Prospectus Cover Page, page i

1. Please disclose prominently on the prospectus cover page that you are not a Chinese operating company but a Cayman Islands holding company with operations conducted by your subsidiaries and through contractual arrangements with variable interest entities (VIEs) based in China and that this structure involves unique risks to investors. Explain whether the VIE structure is used to replicate foreign investment in Chinese-based companies where Chinese law prohibits direct foreign investment in the operating

law prohibits direct foreign investment in the operating $$\operatorname{\textsc{companies}}$, and disclose$

that investors may never directly hold equity interests in the

Chinese operating

company. Your disclosure should acknowledge that Chinese regulatory

your operations and/or value of your securities, including that it could cause the value of $% \left(1\right) =\left(1\right) +\left(1\right)$

such securities to significantly decline or become worthless. Provide a cross-reference to

your detailed discussion of risks facing the company and the offering

as a result of this

Provide prominent disclosure about the legal and operational risks

associated with being based in or having the majority of the company s operations in

should make clear whether these risks could result in a material change in your operations

and/or the value of your securities or could significantly limit or completely hinder your

ability to offer or continue to offer securities to investors and cause the value of such

securities to significantly decline or be worthless. Your disclosure should address how

recent statements and regulatory actions by China s government, such as those related to

the use of variable interest entities and data security or anti-monopoly concerns, has or

may impact the company s ability to conduct its business, accept foreign investments, or

list on an U.S. or other foreign exchange. Your prospectus summary should address, but

not necessarily be limited to, the risks highlighted on the prospectus cover page.

Clearly disclose how you will refer to the holding company, subsidiaries, and VIEs when

providing the disclosure throughout the document so that it is clear to investors which

entity the disclosure is referencing and which subsidiaries or entities are conducting the

business operations. Refrain from using terms such as we when describing

activities or functions of the VIEs. Disclose clearly the entity (including the domicile) in

which investors are purchasing their interest.

Please revise to add a prospectus summary and address the following comments in that

section.

Disclose clearly that the company uses a structure that involves VIEs based in China and

what that entails and provide early in the summary a diagram of the company s corporate

structure, including who the equity ownership interests are of each entity. Describe all

contracts and arrangements through which you purport to obtain economic rights and

exercise control that results in consolidation of the VIEs' operations and financial results

into your financial statements. Identify clearly the entity in which investors are

purchasing their interest and the entities in which the company operations are

conducted. Describe the relevant contractual agreements between the entities and how

this type of corporate structure may affect investors and the value of their investment,

including how and why the contractual arrangements may be less effective than direct

ownership and that the company may incur substantial costs to enforce the terms of the

arrangements. Disclose the uncertainties regarding the status of the rights of the Cayman

Islands holding company with respect to its contractual arrangements

with the VIEs, its founders and owners, and the challenges the company may face enforcing these

contractual agreements due to uncertainties under Chinese law and

jurisdictional limits.

Please revise your disclosure to provide a summary of risk factors. In

your summary of

risk factors, disclose the risks that your corporate structure and being based in or having

the majority of the company $\,\,$ s operations in China poses to investors. In particular,

describe the significant regulatory, liquidity, and enforcement risks with cross-references $% \left(1\right) =\left(1\right) +\left(1\right)$

to the more detailed discussion of these risks in the prospectus. For example, specifically

discuss risks arising from the legal system in China, including risks and uncertainties $% \left(1\right) =\left(1\right) +\left(1\right) +\left($

regarding the enforcement of laws and that rules and regulations in $\operatorname{\mathsf{China}}$ can change

 $\operatorname{quickly}$ with little advance notice; and the risk that the Chinese government may intervene

or influence your operations at any time, or may exert more control over offerings $% \left(1\right) =\left(1\right) +\left(1\right)$

conducted overseas and/or foreign investment in China-based issuers, which could result

in a material change in your operations and/or the value of your securities. Acknowledge $\,$

any risks that any actions by the Chinese government to exert more oversight and control $% \left(1\right) =\left(1\right) +\left(1\right) +\left$

over offerings that are conducted overseas and/or foreign investment in China-based

issuers could significantly limit or completely hinder your ability to offer or continue to

offer securities to investors and cause the value of such securities to significantly decline

or be worthless.

7. Disclose each permission that you, your subsidiaries or your VIEs are required to obtain

 $\,$ from Chinese authorities to operate and issue these securities to foreign investors. State

whether you, your subsidiaries, or VIEs are covered by permissions requirements from the $\,$

CSRC, CAC or any other entity that is required to approve of the VIEs' operations, and

state affirmatively whether you have received all requisite permissions and whether any $\ensuremath{\mathsf{N}}$

permissions have been denied.

8. Provide a clear description of how cash is transferred through your organization. Disclose

your intentions to distribute earnings or settle amounts owed under the VIE agreements.

Quantify any cash flows and transfers of other assets by type that have occurred between $% \left(1\right) =\left(1\right) +\left(1\right) +\left$

the holding company, its subsidiaries, and consolidated VIEs, and direction of transfer.

Quantify any dividends or distributions that a subsidiary or consolidated VIEs have made $\,$

to the holding company and which entity made such transfer, and their tax consequences.

Similarly quantify dividends or distributions made to U.S. investors, the source, and their

 $\,$ tax consequences. Describe any restrictions on foreign exchange and your ability to

transfer cash between entities, across borders, and to U.S. investors. Describe any

restrictions and limitations on your ability to distribute earnings from your businesses,

including subsidiaries and/or consolidated VIEs, to the parent company and U.S. investors $\,$

as well as the ability to settle amounts owed under the VIE agreements.

9. We note that the consolidated VIEs constitute a material part of your consolidated

 $\mbox{financial statements. Please provide in tabular form the condensed consolidating schedule} \\$

 $\,$ - depicting the financial position, cash flows and results of operations for the parent, the

consolidated variable interest entities, and any eliminating adjustments separately - as of

the same dates and for the same periods for which audited consolidated financial

statements are required. Highlight the financial statement information related to the $\ensuremath{\mathsf{I}}$

variable interest entities and parent, so an investor may evaluate the nature of assets held

by, and the operations of, entities apart from the variable interest entities, which includes $% \left(1\right) =\left(1\right) +\left(1$

the cash held and transferred among entities.

10. Disclose that trading in your securities may be prohibited under the Holding Foreign

Companies Accountable Act if the PCAOB determines that it cannot inspect or fully $% \left(1\right) =\left(1\right) +\left(1\right) +$

investigate your auditor, and that as a result an exchange may determine to delist your $% \left(1\right) =\left(1\right) +\left(1\right) +\left($

securities. If the PCAOB has been or is currently unable to inspect your auditor, revise $\,$

your disclosure to so state.

Risk Factors, page 3

11. Revise your risk factors to acknowledge that if the PRC government determines that the

contractual arrangements constituting part of your VIE structure do not comply with PRC $\,$

regulations, or if these regulations change or are interpreted differently in the future, your

securities may decline in value or become worthless if you are unable to assert your

 $% \left(1\right) =\left(1\right) \left(1\right)$ contractual control rights over the assets of your PRC subsidiaries that conduct all or

substantially all of your operations.

12. Given the Chinese government $\,$ s significant oversight and discretion over the conduct of

your business, please revise to separately highlight the risk that the $\operatorname{Chinese}$ government

 $% \left(1\right) =\left(1\right) \left(1\right)$ may intervene or influence your operations at any time, which could result in a material

change in your operations and/or the value of your securities. Also, given recent

statements by the Chinese government indicating an intent to exert more oversight and $% \left(1\right) =\left(1\right) +\left(1$

control over offerings that are conducted overseas and/or foreign investment in China-

based issuers, acknowledge the risk that any such action could significantly limit or

completely hinder your ability to offer or continue to offer securities to investors and $% \left(1\right) =\left(1\right) +\left(1\right) +\left$

cause the value of such securities to significantly decline or be worthless.

13. In light of recent events indicating greater oversight by the Cyberspace Administration of

China over data security, please revise your disclosure to explain how this oversight

impacts your business and your offering and to what extent you believe that you are $% \left(1\right) =\left(1\right) +\left(1\right)$

 $\,$ compliant with the regulations or policies that have been issued by the CAC to date.

14. Please add a risk factor to provide additional detail that addresses limitations on the ability

of U.S. regulators, such as the Department of Justice, the SEC, and other authorities, to $\,$

 $\stackrel{,}{\text{conduct}}$ investigations and inspections within China. Please ensure that you acknowledge

Article 177 of PRC Securities Law effective March 2020, possibly further limiting an $\,$

overseas regulator from conducting investigations or from collecting evidence within $% \left(1\right) =\left(1\right) +\left(1\right$

China. Refer to CF Disclosure Guidance Topic No. 10.

15. Please revise your disclosure to more specifically discuss the risks related to the $\ensuremath{\mathsf{T}}$

following:

whether and how your audit committee has taken the lack of PCAOB inspection into

 $% \left(1\right) =\left(1\right) \left(1\right)$ account in connection with the oversight of the outside audit firm and its procedures;

and

 $$\operatorname{\textsc{how}}$$ Chinese governmental authorities have significant discretion that can be used to

influence how the company conducts its business operations.

Refer to CF Disclosure Guidance Topic No. 10.

We remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action

or absence of action by the staff.

Refer to Rules 460 and 461 regarding requests for acceleration. Please allow adequate time for us to review any amendment prior to the requested effective date of
